Peronist Wins in Argentina Ruled Void

BUENOS AIRES, Argentina (AP)—President Jose Maria Guido today issued a decree nullifying the victory of Peronists in elections of last March 18. The decree declared all elections since December 1961 were void. Guido's executive order came minutes after army generals took over control of three Argentine provinces from civilian officials. Guido's action was an apparent prelude to his already announced plans to call a general election before July to choose his successor. The army took over command in Entre Rios, Santa Fe and Corrientes provinces. Five other provinces — including Buenos Aires — Argentina's largest, already are being ruled by federal interventors appointed by deposed President Arturo Frondizi. In the March 18 elections followers of former dictator Juan Peron, with Communist support, won governorship races in the five provinces. There were no reports of resistance to the army takeover.

Russia Sends Up Another Satellite

By STANLEY JOHNSON
MOSCOW (AP)—The Soviet Union put another scientific satellite into orbit around the earth today as America's Ranger 4 sped through space toward the moon. It was the first time the two powers had launched space vehicles so close to one another in time. The Russians said their newest Sputnik, Cosmos III, carried scientific instruments to continue the Soviet program of outer space exploration and a multichannel radio-telemetric system to relay information back to earth. The announcement by the Soviet news agency, Tass, gave no indication that there was a man aboard. Presumably the satellite was unmanned. "The radio telemetric information received from the satellite shows that the instruments are functioning normally," Tass said. Cosmos III was the third Soviet satellite to be launched since March 16 after a long period of Soviet inactivity in space. Cosmos I was launched on March 16 and Cosmos II on April 6. Announced aims of the new Soviet program of space research include investigation of radiation belts and meteorites around the earth and the dangers they may hold for space travelers. Tass said first estimates showed Cosmos III was close to its planned course and orbiting the globe every 93.8 minutes. It said the orbit's inclination to the plane of the equator was 48 degrees 59 minutes, its farthest distance from the earth 448 miles and its closest 142 miles. Today's session of the Supreme Soviet, the Soviet Union's parliament, recessed early so the delegates could hear the announcement of the new Sputnik. News of the American moon shot was withheld in Moscow until after the dramatic break in Soviet radio programs to announce the launching of the Russian satellite. Forty minutes later Tass told of the American shot in a 50-word dispatch from New York.

Candidates for Governor Climb to 5

LITTLE ROCK (AP)—The Arkansas gubernatorial field swelled to five Monday with the filing of David A. Cox of Weiner—but Gov. Orval E. Faubus remained a figure for speculation. The 42-year-old Cox filed party and corrupt practices pledges with Secretary of State Nancy Hall and left before newsmen could talk to him. He did not pay the \$1,500 filing fee. Sources at Weiner indicated that Cox, a farmer, had previously run unsuccessfully for county office, but had sought no major office. Faubus told newsmen they could expect an announcement from him before the May 2 filing deadline, but otherwise was noncommittal. Kenneth Coffelt, a Little Rock attorney and one of the announced candidates, said Monday he will go on the air the evening of May 2. Coffelt originally had intended to speak May 1 but changed his mind, because, he said, there may be some last minute changes in the situation. Rep. Dale Alford, the only candidate to pay the filing fee, said Monday he had contracted for a half-hour statewide television broadcast on July 20, election eve. The other two announced candidates are Marvin Melton of Jonesboro and Odell Dorsey of North Little Rock. Melton supporters are conducting a fund raising campaign in Jonesboro to pay his filing fee. He will file Friday. Dorsey said he expects to file before the deadline.

Food Poisoning

FT. CHAFFEE, Ark. (AP)—Food poisoning struck several hundred reservists here late Saturday, post officials reported. None of the men was seriously affected. Officers said all the affected men, estimated at between 200 and 300, ate at a consolidated mess. Two soldiers became ill while in nearby Fort Smith and were taken to a hospital by ambulance.

Earthquake Is Recorded

PASADENA, Calif. (AP)—A strong earthquake 5,200 miles to the west or northwest registered on the California Institute of Technology seismograph Sunday night. Dr. Charles Richter of the seismology laboratory said he could not determine a definite area for the quake, which he said had a magnitude of 6.8 — "potentially dangerous."

Would End Peabody Radio Award

NEW YORK (AP)—Broadcasting magazine says the George Foster Peabody radio and television awards should be abolished because of last week's award to Newton N. Minow, chairman of the Federal Communications Commission. Minow once called television a vast wasteland. The trade magazine is considered to often reflect the views and interests of the broadcasting industry. The publication's lead editorial was headed, "Time to Bury the Peabody." It said the Peabody awards committee "defiled its purpose and defamed those it sought to honor last week by bestowing a special award upon the chairman of the FCC." Bennett Cerf, president of Random House, Inc., is chairman of the awards committee. Minow was the first government official to be cited by the Peabody committee, which for 22 years has issued awards for distinguished achievement by television and radio. The citation hailed Minow "as the most courageous, responsible and energetic federal communications commissioner in years." It also said he had "done much to rescue the (television) wasteland from the cowboys and private eyes." The 13-member committee consists of critics, educators, lawyers and others. They include John Crosby, columnist for the New York Herald Tribune; Paul Porter, Washington lawyer and former chairman of the FCC; Edward Weeks, editor of the Atlantic monthly; Ralph McGill, publisher of the Atlanta Constitution; Edgar Kobak, former network executive and now a business consultant; and Harriet Van Horne, radio-television critic of the New York World-Telegram & Sun. The University of Georgia Henry W. Grady School of Journalism will hold May 6 in the Four States Fair Rodeo Arena at Texarkana. There are more than a dozen events open to young people. All proceeds go to the Junior Red Cross. Another area activity of interest is the 14th Annual Spring Festival, held in New York bank.

Group Helps Negroes to Move North

By ERNEST FISCHER

NEW ORLEANS, La. (AP)—An
official of the pro-segregation Cit-
izens Council says unnamed don-
ors have agreed to underwrite the
cost of a special train to move
Negroes northward.

The claim from George Singel-
mann came after an official of
the National Association for the
Advancement of Colored People
asked Negroes to ignore the seg-
regationist offer of free one-way
tickets out of the South.

Singelmann, a director of the
Citizens Council of Greater New
Orleans, said in an interview
Monday night that donors whom
he declined to name have under-
written a special train to cost
\$20,000. The train would handle
about 1,000 passengers.

Clarence Laws, regional sec-
retary of the NAACP, said it would
be a "tragic mistake for Negroes
to assume that they can go to
New York or any other northern
city on a one-way ticket furnished
by segregationists and obtain the
same success which apparently
has come to the Louis Boyd fam-
ily of New Orleans."

The Boyd family—parents and
eight children—were given bus
transportation and incidental ex-
penses to New York last week.
They were put up in a hotel suite
and showered with attention, gro-
ceries and cash.

Boyd, a dock worker who had
been unemployed in New Orleans
for six months, took a \$100-a-week
job Monday as a handyman and
freight handler at Jersey City,
N.J.

Two husbands of Negroes were
to leave for Washington Wednes-
day, but Singelmann said he was
occupied in Baton Rouge on the
train project, and did not have
time to make final arrangements
for the trip. He said two buses
would head for Washington and
one for New York later in the
week.

Singelmann said many applica-
tions have been filed, and the
only problem now is to ar-
range transportation on con-
venient dates.

No questions are asked, Sing-
mann said, as long as the ap-
plicant is a Negro and is dissatisfied
with his lot in this area. Most

Tech Bowlers to Kansas Meet

KANSAS CITY (AP)—Arkansas
Tech will send a five-man team
to the first national bowling tour-
nament for college students Fri-
day and Saturday in suburban
Overland Park, Kan.

The tournament is being staged
by the National Association of In-
tercollegiate Athletics, with the
help of the Bowling Proprietors
Association of America.

Thirty-two five-man teams are
expected to compete. They are 26
district championship teams and
six at-large teams. Arkansas Tech
is listed as a district champion.

Each member of each team had
to bowl six games at a BPAA
house in qualifying.

President Woodrow Wilson's ad-
ministration paid Denmark \$25
million in gold for the Virgin
Islands, as a defense measure in
World War I.

applications, he said, are for New
York City.

Accidents in State Claim Four Lives

By THE ASSOCIATED PRESS

Accidents claimed the lives of
four persons in Arkansas Monday,
with two drowning and two fatally
injured in automobile wrecks.

An elderly Benton resident, Bill
Bullard, 70, was killed when his
pickup truck left state Highway
183 about one-half mile west of
Bryant and plowed into a car
driven by Louis Westbrook of
Benton.

Westbrook, 41, and Madeline
Smith, about 40, a passenger in
Westbrook's car, suffered serious
injuries and were hospitalized in
Little Rock.

The second fatal car wreck, on
U.S. Highway 65 south of Pine
Bluff, resulted in death for Mrs.
Alice J. Massey, 47, of Greenville,
Miss.

State Police said Mrs. Massey
apparently lost control of her sta-
tion wagon after passing another
car and struck a telephone pole.
Wanda Hamilton, 42, of Jack-
son, Miss., a passenger in the
station wagon was hospitalized at
Pine Bluff. She was believed not
seriously injured.

Tommy Norton, 12, who moved
to Altus with his parents several
weeks ago from Midland, Tex.,
drowned in a water-filled rock
quarry near his home after stop-
ping into a dropoff.

Sheriff Bob Pritchard said the
youngster apparently was walk-
ing along a water-covered road
leading to the quarry when the
accident occurred.

He was the son of Mr. and Mrs.
Bill Norton.

A 42-year-old Paragould man,
James Washington, drowned in
the Long Creek arm of Lake Table
Rock when his boat overturned
near the Arkansas-Missouri line.

Sheriff Doyle Hickman said the
accident, witnessed by Washing-
ton's wife, occurred about 25 miles
north of Harrison.

**Can't Reclaim
Filing Fee**

LITTLE ROCK (AP) — Demo-
cratic Party officials said Mon-
day candidates who pay a filing
fee and then withdraw are not
entitled to a refund.

Leon B. Gattlett, state party se-
cretary, said there is nothing that
requires a refunding of the fee.
"I am against it (refunds)," Gattlett said, "because it could
lead to complications."

Harvey G. Combs, the assistant
secretary, said in the past it had
been the practice to return fees
of any candidate who withdrew
before the filing deadline.

Ballot boxes for state and con-
gressional offices are collected by
the party. If a candidate is op-
posed, he receives a refund of half
his fee. The state committee and
county committees use money
from the fees to defray ballot
printing costs.

Party rules allow candidates to
withdraw up to 6 p.m. June 23.
After that time, names of all can-
didates, except in the case of a
death, are printed on the Novem-
ber election ballot.

An estimated 2 million types of
animals have been classified since
the 18th Century.

Trio Trapped in Cave Are Rescued

By BILL RAWLINS

TRIEN, Ga. (AP)—A three-
day ordeal without food and water
ended happily for three collegiate
explorers who carved a narrow
perch between themselves and
eternity inside a muddy cave.

The three—two Eagle Explorer
Scouts and a novice—were
plucked safe, sound and soggy
from a mud bank in the Lookout
Mountain cave late Monday—the
end of an all-out search begun
36 hours earlier. Fraternity broth-
ers found them in a spot experts
had overlooked.

"They're safe!" shrieked their
parents when word that the lads
were found reached the cave's
mouth. More than 150 rescue
workers who had toiled in the
search bowed their heads in
prayer as the famished boys
gulped their first hot meal since
Friday night.

The three are James Mason, 21;
Bill Bartee, 20, both of Atlanta,
and Martin Huddleston, 19, of
Ormond Beach, Fla. They had
planned to explore the cave over the Easter
weekend. They were reported
missing when they did not return
home as planned Saturday mid-
night.

Mason and Bartee, who grew
up together, are experienced cave
explorers. It was Huddleston's
first trip underground. "I guess
it will be my last," he said with
a grin.

Mason and Huddleston are stu-

dents at Emory University in
Atlanta. Bartee attends Presby-
terian College in Clinton, S.C.

"We went into the cave about
9 p.m. Friday," said Mason. He
said they secured a rope at the
top of the mud bank to explore
two deep holes about a mile in-
side the cave—which he and Bar-
tee had inspected many times
before.

"We knew there was water
down there, but we didn't know
how much," he said. "I went
down first and hit water about
chest deep. The others came on
down and found the water soon
was over their heads."

"We swam about 40 feet and it
was getting cold and we started
cramping pretty good and we
swam on back. We decided it was
about time to leave and we start-
ed to climb up this sheer cliff by
holding onto the rope. But by that
time it was pretty slimy. The
more we tried to crawl up the
rope, the harder it got."

"Using a knife," he continued,
"we crawled about 40 feet up the
slope and carved out a four-foot
trench. We took turns with two
of us sitting in it and the third
one lying across our laps to keep
warm."

Fire Controlled

HARRISON, Ark. (AP)—A four-

est fire, thought to have been

brought under control late

Wednesday night, sprang up again

Thursday and brought to 3,000

acres the total of woods burned

between St. Joe and Pindall, 20

miles southeast of here. Schools

were dismissed Thursday at St.

Casey's Mets Finally Take First Victory

By MIKE RATHET
Associated Press Sports Writer

"Some day pretty soon we're gonna beat someone pretty bad," Casey Stengel said it. A few hours later, the New York Mets did it.

The prophecy and its fulfillment occurred at Pittsburgh Monday night as Manager Stengel surveyed the results of the Mets first game in the National League—all losses—and offered his opinion before sending his cast of hand-me-downs out to meet the Pirates.

The result was a 9-1 victory for the Mets, their first in the National League and the honor of grabbing victory No. 1 for the Mets went to Jay Hook, a 25-year-old right-hander who equalled his entire victory output for Cincinnati last season by checking the Pirates on five hits while ending Pittsburgh's victory streak at 10.

The triumph kept the Mets from setting a major league mark for consecutive losses at the start of the season. It halted the Pirates efforts to establish an all-time high for consecutive wins at the start of a season.

In other games Monday night, San Francisco defeated Cincinnati 4-1 behind Billy Pierce's seven-hit pitching and the Los Angeles Dodgers whipped Milwaukee 5-2. Philadelphia and Houston were rained out. Chicago and St. Louis were idle. The American League had a day off.

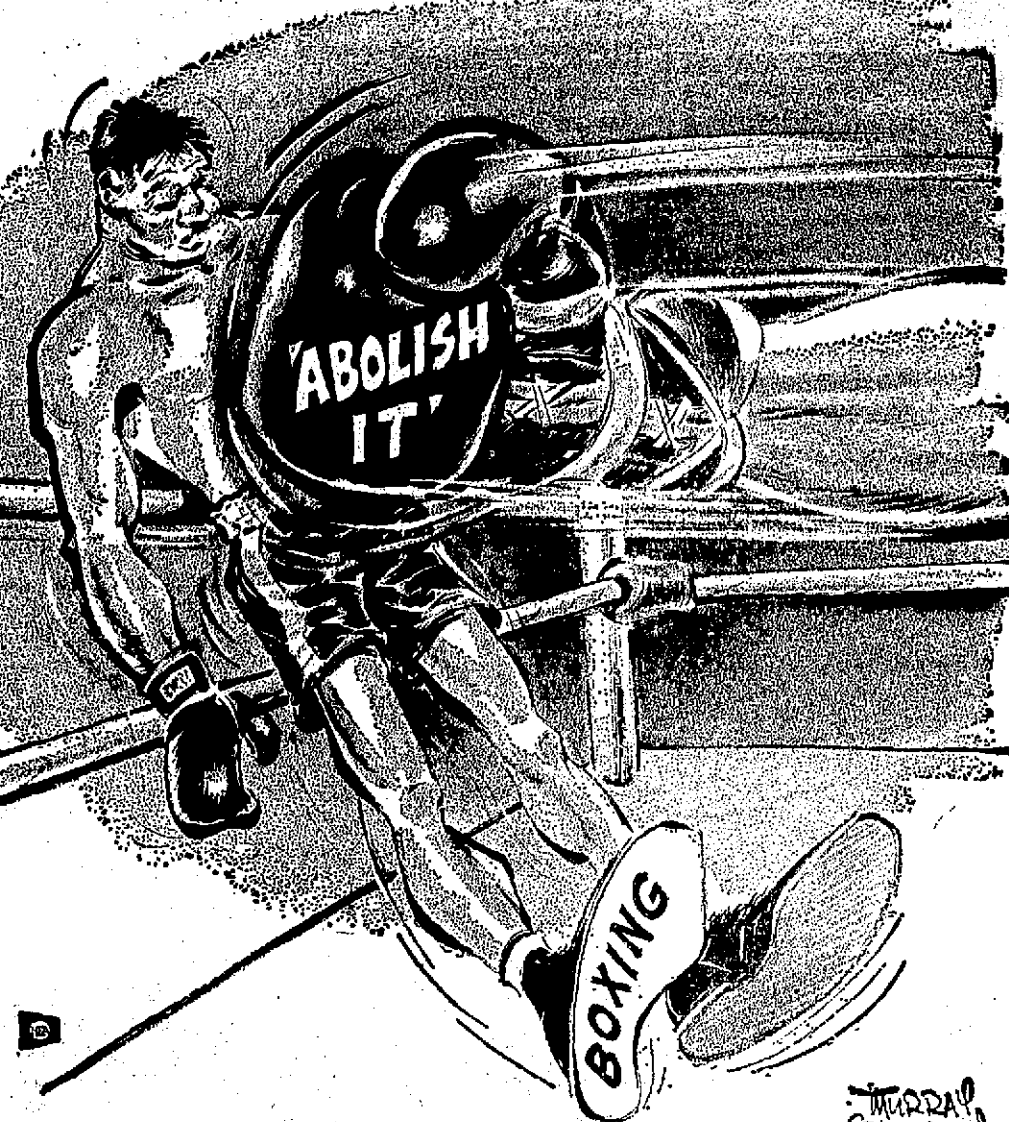

Felix Mantilla opened the big game for the Mets with a single and the New Yorkers never let up until Pittsburgh's Roberto Clemente hit into a force out to end it.

A 14-hit attack, with Mantilla and Elio Chacon splitting six hits, got the job done and chased Pirates' starter Tom Sturdivant (1-1) in the second inning. Sacrifice flies by Gus Bell and Frank Thomas sent Mantilla and Chacon across with a pair of first-inning runs and gave Hook all he needed.

Hook struck out two and walked only one, allowing the Pirates their lone run in the sixth on singles by Dick Schafeld, and Dick Groat and Bob Skinner's ground out.

Pierce, 35-year-old left-hander acquired in a trade with Chicago's White Sox, went the distance for his second triumph for the Giants, striking out seven Reds and allowing no walks. Harvey Kuenn was 3-for-4, getting a key single

Porkers Take a Doubleheader

MONROE, La. (AP)—Arkansas won the first game of a baseball doubleheader from Northeast Louisiana 10-7 Monday and then grabbed a 6-1 victory in the nightcap, shortened by rain.

Trailing 6-0 after two innings in the opener, the Razorbacks tallied five runs in the third, one in the fifth and four in the sixth with Ted Mont taking the victory.

In the nightcap, righthander Jack Willock gave up only three hits to chalk up the victory. Shortstop Jerry Carlton, third baseman Earl Carter and second baseman Eddie McGowan, each collected two hits for Arkansas.

Editor Resigns

CAMDEN, Ark. (AP)—Kenneth W. Poindexter has resigned as managing editor of the Ouachita Citizen and the Bearden Examiner. Charles E. Looney, publisher of both the weekly newspapers, announced the resignation Thursday. He said it was effective April 30. Poindexter has been with the Citizen since it was established Oct. 31, 1957.

In both the first and second innings as the Giants scored once in each. The runs came across on two misuses by catcher Hank Foiles, Kuenn scoring on a passed ball and Jim Davenport on a wild pickoff throw.

Joe Moeller, a 19-year-old right-hander, won it for the Dodgers, holding the Braves to nine hits while going the route for his first major league victory. He has lost once. Home runs by John Roseboro, a two-run shot, and Willie Davis, a bases-empty "second chance" blast, handed Lew Burdette his third loss without a win. Davis, who fled out to open the fifth, got another try when the umpires ruled Burdette's pitch a ball because his foot had left the rubber.

Of the 16 men who have served as president of the African republic of Liberia, nine were born in the United States.

No Fatality on Easter

By THE ASSOCIATED PRESS
Despite the beautiful spring weather across Arkansas Easter Sunday and hordes of sight-seeing drivers, the state escaped without a single fatality reported.

On Saturday, however, the crash of a light plane south of DeWitt claimed the lives of Joe Lee Whiting, 23, of Tipton, and Donald Edmondson, 23, of Gillet, a passenger.

Officers said the small single-engine craft circled a farm at a low altitude and clipped a tree before plunging to the ground and bursting into flames.

Whiting, the pilot, escaped death last year in a similar small plane crash.

Their deaths brought to eight the number of persons dying violently in Arkansas during the week ended last midnight.

During the week, two others died in traffic accidents, one was killed by a train, another was crushed by an overturned tractor while one each was fatally stabbed and shot.

State Ranks 35th

WASHINGTON (AP)—Arkansas ranks 35th in the nation in per capita income, according to Department of Commerce figures.

The department reported Saturday that per capita income in the state rose by \$79 from 1960 to 1961. The 1960 figure of \$1,341 was raised to \$1,420 in 1961. The 1961 national average was \$2,265.

Crossett Stock Holders Meet

CROSSETT, Ark. (AP)—Stockholders of the Crossett Corp. met here Wednesday to discuss a move by Georgia-Pacific Corp. to acquire control of the firm's Arkansas interests.

Georgia-Pacific announced last week it is in the process of buying the Crossett firm for \$55 a share. Crossett officials have had no comment on the move.

About 150 to 200 Crossett stockholders are expected to attend the meeting. Their firm owns 560,000 acres of timberland in Arkansas and Louisiana.

Products of the corporation include pulp, paper and bags, lumber, bleached board, flakeboard, charcoal and chemicals.

Defends Maris, He's Not Worried

By ED CORRIGAN
Associated Press Sports Writer

NEW YORK (AP)—If New York Yankee Manager Ralph Houk is worried about Roger Maris' anemic .132 batting average, he's putting up a brave front.

"Rog has been hitting the ball all right," said Houk today before the Yanks scheduled game with the Chicago White Sox. "The only trouble is that everything he hits goes directly at the fielders."

"I'm not worrying about him. He'll hurt someone before long. Maybe seeing the White Sox is just what he needs. He did a lot of hitting against them last year."

Maris has collected just five hits in 38 times at bat, with one home run and three runs batted in.

He hasn't pushed the panic button, but he's a little discouraged about the way the ball has been bouncing.

"They say the breaks all even up," said the man who clubbed 61 homers last year, "but so far they've been all bad for me."

Has he been tense at the plate? "Definitely not," he answered. "I feel more comfortable at the plate than I did last year. I'm hitting the ball good, but they're just not dropping in. I can't understand it."

Maris is a notoriously slow starter. At the same stage last year (after nine games), he was hitting .148 with nary a home run.

Tech Bowlers to Kansas Meet

KANSAS CITY (AP)—Arkansas
Tech will send a five-man team
to the first national bowling tour-
nament for college students Fri-
day and Saturday in suburban
Overland Park, Kan.

The tournament is being staged
by the National Association of In-
tercollegiate Athletics, with the
help of the Bowling Proprietors
Association of America.

Thirty-two five-man teams are
expected to compete. They are 26
district championship teams and
six at-large teams. Arkansas Tech
is listed as a district champion.

Each member of each team had
to bowl six games at a BPAA
house in qualifying.

Accidents in State Claim Four Lives

By THE ASSOCIATED PRESS

Accidents claimed the lives of
four persons in Arkansas Monday,
with two drowning and two fatally
injured in automobile wrecks.

An elderly Benton resident, Bill
Bullard, 70, was killed when his
pickup truck left state Highway
183 about one-half mile west of
Bryant and plowed into a car
driven by Louis Westbrook of
Benton.

Westbrook, 41, and Madeline
Smith, about 40, a passenger in
Westbrook's car, suffered serious
injuries and were hospitalized in
Little Rock.

The second fatal car wreck, on
U.S. Highway 65 south of Pine
Bluff, resulted in death for Mrs.
Alice J. Massey, 47, of Greenville,
Miss.

State Police said Mrs. Massey
apparently lost control of her sta-
tion wagon after passing another
car and struck a telephone pole.

Wanda Hamilton, 42, of Jack-
son, Miss., a passenger in the
station wagon was hospitalized at
Pine Bluff. She was believed not
seriously injured.

Tommy Norton, 12, who moved
to Altus with his parents several
weeks ago from Midland, Tex.,
drowned in a water-filled rock
quarry near his home after step-
ping into a dropoff.

Sheriff Bob Pritchard said the
youngster apparently was walk-
ing along a water-covered road
leading to the quarry when the
accident occurred.

He was the son of Mr. and Mrs.
Bill Norton.

A 42-year-old Paragould man,
James Washington, drowned in
the Long Creek arm of Lake Table
Rock when his boat overturned
near the Arkansas-Missouri line.

Sheriff Doyle Hickman said the
accident, witnessed by Washing-
ton's wife, occurred about 25 miles
north of Harrison.

Can't Reclaim Filing Fee

LITTLE ROCK (AP) — Demo-
cratic Party officials said Mon-
day candidates who pay a filing
fee and then withdraw are not
entitled to a refund.

Leon B. Gatliff, state party sec-
retary, said there is nothing that
requires a refunding of the fee.
"I am against it (refunds),"

Gatliff said, "because it could
lead to complications."

Harvey G. Combs, the assistant
secretary, said in the past it had
been the practice to return fees
of any candidate who withdrew
before the filing deadline.

Ballot boxes for state and con-
gressional offices are collected by
the party. If a candidate is op-
posed, he receives a refund of half
his fee. The state committee and
county committees use money
from the fees to defray ballot
printing costs.

Party rules allow candidates to
withdraw up to 6 p.m. June 23.
After that time, names of all can-
didates, except in the case of a
death, are printed on the Novem-
ber election ballot.

An estimated 2 million types of
animals have been classified since

Trio Trapped in Cave Are Rescued

By BILL RAWLINS

TRENTON, Ga. (AP)—A three-
day ordeal without food and water
ended happily for three collegiate
explorers who carved a narrow
perch between themselves and
eternity inside a muddy cave.
The three—two Eagle Explorer
Scouts and a novice—were
plucked safe, sound and soggy
from a mud bank in the Lookout
Mountain cave late Monday—the
end of an all-out search begun
36 hours earlier. Fraternally broth-
ers found them in a spot experts
had overlooked.

"They're safe!" shrieked their
parents when word that the lads
were found reached the cave's
mouth. More than 150 rescue
workers who had toiled in the
search bowed their heads in
prayer as the famished boys
gulped their first hot meal since
Friday night.

The three are James Mason, 21;
Bill Bartee, 20, both of Atlanta,
and Marlin Huddleston, 19, of
Ormond Beach, Fla. They had
killed friends they planned to ex-
plore the cave over the Easter
weekend. They were reported
missing when they did not return
home as planned Saturday mid-
night.

Mason and Bartee, who grew
up together, are experienced cave
explorers. It was Huddleston's
first trip underground. "I guess
it will be my last," he said with
a grin.

Mason and Huddleston are stu-
dents at Emory University in

Atlanta. Bartee attends Presby-
terian College in Clinton, S.C.
"We went into the cave about
9 p.m. Friday," said Mason. He
said they secured a rope at the
top of the mud bank to explore
two deep holes about a mile in-
side the cave—which he and Bar-
tee had inspected many times
before.

"We knew there was water
down there, but we didn't know
how much," he said. "I went
down first and hit water about
chest deep. The others came on
down and found the water soon
was over their heads."

"We swam about 40 feet and it
was getting cold and we started
cramping pretty good and we
swam on back. We decided it was
about time to leave and we started
to climb up this sheer cliff by
holding onto the rope. But by that
time it was pretty slimy. The
more we tried to crawl up the
rope, the harder it got."

"Using a knife," he continued,
"we crawled about 40 feet up the
slope and carved out a four-foot
trench. We took turns with two
of us sitting in it and the third
one lying across our laps to keep
warm."

Driver Is Hurt

GOODWOOD, England (AP) —
Stirling Moss, Britain's No. 1
racing driver, was taken to a
hospital today after his car had
careened off the track at 90 miles
per hour during a race.

Mechanics worked for 30 min-
utes with bolt cutters to free
Moss.

The extent of Moss' injuries
was not immediately known. He
remained conscious during rescue
operations.

Trade Stamp Project Off to Big Start

LITTLE ROCK (AP) — Airman
David Brooks says his "Operation
Margie," a project to collect trad-
ing stamps to pay his wife's fare
here from Japan, is "off with a
bang."

Brooks, stationed at Little Rock
Air Force Base, and Mrs. Annie
Thompson, a business woman at
the base who is interested in the
project, said one firm has offered
to finance a plane trip from
Tokyo to Little Rock for 193 books
of stamps.

Brooks says he only has four
books now, but he and Mrs.
Thompson are placing collection
boxes around the base with pic-
tures of "Margie" on them.

The real name of Brooks' Jap-
anese wife is Misako, but he says
he calls her "Margie" because "it
is easier to say."

The couple was married in Ja-
pan last December and she had
to remain behind when he was
transferred, because the Air
Force does not provide for travel
of dependents of airmen.

Brooks said Saturday he did not
have the \$343 it would have taken
for plane fare to bring his wife
with him to the United States.

Group Helps Negroes to Move North

By ERNEST FISCHER

NEW ORLEANS, La. (AP)—An
official of the pro-segregation Cit-
izens Council says unnamed don-
ors have agreed to underwrite the
cost of a special train to move
Negroes northward.

The claim from George Singel-
mann came after an official of
the National Association for the
Advancement of Colored People
asked Negroes to ignore the seg-
regationist offer of free one-way
tickets out of the South.

Singelmann, a director of the
Citizens Council of Greater New
Orleans, said in an interview
Monday night that donors whom
he declined to name have under-
written a special train to cost
\$20,000. The train would handle
about 1,000 passengers.

Clarence Laws, regional sec-
retary of the NAACP, said it would
be a "terrible mistake for Negroes
to assume that they can go to
New York or any other northern
city on a one-way ticket furnished
by segregationists and obtain the
same success which apparently
has come to the Louis Boyd fam-
ily of New Orleans."

The Boyd family—parents and
eight children—were given bus
transportation and incidental ex-
penses to New York last week.
They were put up in a hotel suite
and showered with attention, gro-
ceries and cash.

Boyd, a dock worker who had
been unemployed in New Orleans
for six months, took a \$100-a-week
job Monday as a handyman and
freight handler at Jersey City,
N.J.

Two busloads of Negroes were
to leave for Washington Wednes-
day, but Singelmann said he was
occupied in Baton Rouge on the
train project, and did not have
time to make final arrangements
for the trip. He said two buses
would head for Washington and
one for New York later in the
week.

Singelmann said many applica-
tions have been filed, and the
only problem now is to ar-
range transportation on conve-
nient dates.

No questions are asked, Sing-
elmann said, as long as the ap-
plicant is a Negro and is dissatisfied
with his lot in this area. Most

Casey's Mets Finally Take First Victory

By MIKE RATHET
Associated Press Sports Writer

"Some day pretty soon we're gonna beat someone pretty bad," Casey Stengel said. A few hours later, the New York Mets did it.

The prophecy and its fulfillment occurred at Pittsburgh Monday night as Manager Stengel surveyed the results of the Mets first nine games in the National League—all losses—and offered his opinion before sending his cast of hand-me-downs out to meet the Pirates.

The result was a 9-1 victory for the Mets, their first in the National League and the honor of grabbing victory No. 1 for the Mets went to Jay Hook, a 25-year-old right-hander who equalled his entire victory output for Cincinnati last season by checking the Pirates on five hits while ending Pittsburgh's victory streak at 10.

The triumph kept the Mets from setting a major league mark for consecutive losses at the start of the season. It halted the Pirates efforts to establish an all-time high for consecutive wins at the start of a season.

In other games Monday night, San Francisco defeated Cincinnati 4-1 behind Billy Pierce's seven-hit pitching and the Los Angeles Dodgers whipped Milwaukee 5-2. Philadelphia and Houston were rained out. Chicago and St. Louis were idle. The American League had a day off.

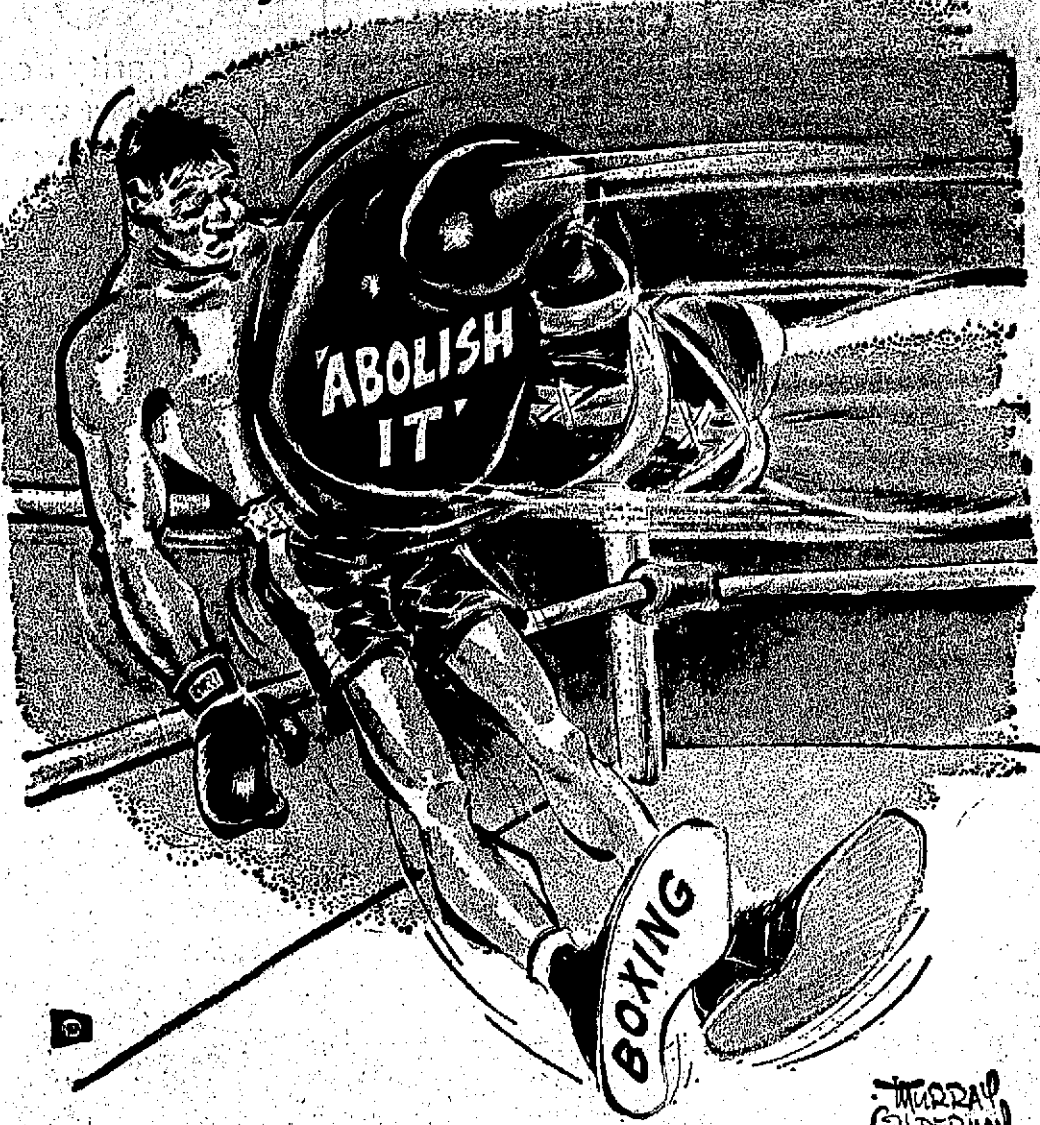

Felix Mantilla opened the big game for the Mets with a single and the New Yorkers never let up until Pittsburgh's Roberto Clemente hit into a force out to end it.

A 14-hit attack, with Mantilla and Ello Chacon splitting six hits, got the job done and chased Pirates' starter Tom Sturdivant (1-1) in the second inning. Sacrifice flies by Gus Bell and Frank Thomas sent Mantilla and Chacon across with a pair of first-inning runs and gave Hook all he needed.

Hook struck out two and walked only one, allowing the Pirates their lone run in the sixth on singles by Dick Schofield, and Dick Groat and Bob Skinner's ground out.

Pierce, 35-year-old, left-hander acquired in a trade with Chicago's White Sox, went the distance for his second triumph for the Giants, striking out seven Reds and allowing no walks. Harvey Kuenn was 3-for-4, getting a key single

Porkers Take a Doubleheader

MONROE, La. (AP)—Arkansas won the first game of a baseball doubleheader from Northeast Louisiana 10-7 Monday and then grabbed a 6-1 victory in the nightcap, shortened by rain.

Trailing 6-0 after two innings in the opener, the Razorbacks tallied five runs in the third, one in the fifth and four in the sixth with Ted Mont taking the victory.

In the nightcap, righthander Jack Willock gave up only three hits to chalk up the victory. Shortstop Jerry Carlton, third baseman Earl Carter and second baseman Eddie McGowan, each collected two hits for Arkansas.

Editor Resigns

CAMDEN, Ark. (AP)—Kenneth W. Pointexter has resigned as managing editor of the Ouachita Citizen and the Bearden Examiner. Charles E. Looney, publisher of both the weekly newspapers, announced the resignation Thursday. He said it was effective April 30. Pointexter has been with the Citizen since it was established Oct. 31, 1957.

In both the first and second innings as the Giants scored once in each. The runs came across on two miscues by catcher Hank Foiles. Kuenn scoring on a passed ball and Jim Davenport on a wild pickoff throw.

Joe Moeller, a 19-year-old right-hander, won it for the Dodgers, holding the Braves to nine hits while going the route for his first major league victory. He has lost once. Home runs by John Roseboro, a two-run shot, and Willie Davis, a bases-empty "second chance" blast, handed Lew Burdette his third loss without a win. Davis, who fled out to open the fifth, got another try when the umpires ruled Burdette's pitch a ball because his foot had left the rubber.

Of the 16 men who have served as president of the African republic of Liberia, nine were born in the United States.

No Fatality on Easter

By THE ASSOCIATED PRESS
Despite the beautiful spring weather across Arkansas Easter Sunday and hordes of sight-seeing drivers, the state escaped without a single fatality reported.

On Saturday, however, the crash of a light plane south of DeWitt claimed the lives of Joe Lee Whitling, 23, of Tishnor, and Donald Edmondson, 23, of Gillet, a passenger.

Officers said the small single-engine craft circled a farm at a low altitude and clipped a tree before plunging to the ground and bursting into flames.

Whiting, the pilot, escaped death last year in a similar small plane crash.

Their deaths brought to eight the number of persons dying violently in Arkansas during the week ended last midnight.

During the week, two others died in traffic accidents, one was killed by a train, another was crushed by an overturned tractor while one each was fatally stabbed and shot.

State Ranks 35th
WASHINGTON (AP)—Arkansas ranks 35th in the nation in per capita income, according to Department of Commerce figures. The department reported Saturday that per capita income in the state rose by \$79 from 1960 to 1961. The 1960 figure of \$1,341 was raised to \$1,420 in 1961. The 1961 national average was \$2,265.

Defends Maris, He's Not Worried

By ED CORRIGAN
Associated Press Sports Writer

NEW YORK (AP)—If New York Yankee Manager Ralph Houk is worried about Roger Maris' anemic .132 batting average, he's putting up a brave front.

"Rog has been hitting the ball all right," said Houk today before the Yanks scheduled game with the Chicago White Sox. "The only trouble is that everything he hits goes directly at the fielders."

"I'm not worrying about him. He'll hurt someone before long. Maybe seeing the White Sox is just what he needs. He did a lot of hitting against them last year."

Maris has collected just five hits in 38 times at bat, with one home run and three runs batted in.

He hasn't pushed the panic button, but he's a little discouraged about the way the ball has been bouncing.

"They say the breaks all even up," said the man who clubbed 61 homers last year, "but so far they've been all bad for me."

Has he been tense at the plate?

"Definitely not," he answered.

"I feel more comfortable at the plate than I did last year. I'm hitting the ball good, but they're just not dropping in. I can't understand it."

Maris is a notoriously slow starter. At the same stage last year (after nine games), he was hitting .148 with nary a home run.

Rockefeller Will Tour for GOP

LITTLE ROCK (AP)—Winthrop Rockefeller has scheduled a swing around the state this week to encourage Republicans to file for offices at all levels.

Rockefeller, Republican national committeeman for Arkansas, was scheduled to fly to Fort Smith and Rogers today for airport meetings with party members.

He has speeches scheduled in Wilmet tonight and Tuesday night at a Searcy Republican rally.

Rockefeller announced early this month that he would not seek the governorship, but said he would actively work to help the party in the state.

He said that he was not "running out" by not becoming a candidate and would "support GOP candidates to the limit of my ability."

The Searcy rally is sponsored by the White County GOP committee and local businessmen.

Nine Killed, Six in One Family

WESTMORELAND, Calif. (AP)—Two cars carrying farm workers crashed head on near the Salton Sea Sunday, killing nine persons — six of the members of the same family.

California Highway patrolmen said the accident occurred on a two-lane section of U.S. 99 in the lush agricultural Imperial Valley seven miles west of Westmoreland.

Deputy Coroner Richard Ramirez identified the dead as Jacob Urias, about 35; his wife, Victoria; and four of their children ranging in age from about 2 to 10 years. Ramirez was unable to identify the children.

Two other Urias children were in critical condition.

Also killed in the station wagon driven by Urias was Federico Gallego Medina, about 20, a Mexican farm worker.

Killed in the other auto was Jose Palomo, about 40, the driver; and Tomas Novelo Gonzalez, in his 30s.

Alumni, State Battle to Tie Before 3,000

JONESBORO, Ark. (AP)—More than 3,000 persons watched as the Arkansas State College football team and a squad composed of Arkansas State alumni played to a 14-14 tie here Monday.

The alumni scored first, as quarterback Jimmy McMurray, a graduating senior, capped a 32-yard drive with a three-yard plunge late in the first quarter.

Varsity quarterback Sammy Weir tossed a 61 yard touchdown pass to end Mike Huffman in the third quarter, and fullback Dick Martello kicked the extra point to put his team in the lead.

The varsity scored again in the fourth period with Weir passing 12 yards to end Hassell McCain after a 67-yard drive. Martello again kicked the extra point.

Facing a fourth and 14 situation, alumni quarterback Bobby Hogue, assistant coach at Piggott, passed 43 yards to halfback Don Riggs, head coach at Mountain Home, who went over for the score. McMurray ran around right end to tie the game behind the blocking of Bill Templeton, head coach at Blytheville.

The alumni intercepted a pass in the last seconds, but halfback Howard Cissell, a pro with the Montreal Alouettes, missed on a 25 yard field goal attempt as time ran out.

The game replaced the traditional intra-squad game that climaxes spring training.

moving country here."

In today's address, Atty. Gen. Kennedy said individuals sent abroad under his proposal "should make tours of as many universities as possible and should confer with labor leaders, farm and cooperative leaders, newspaper editors, businessmen and government officials, as well as students."

He said he had discussed the idea recently with a businessman and a labor leader who had volunteered to speak at universities on trips they planned to the Far East.

"I know they both will make a favorable impression and they will help," Kennedy said. He did not identify them.

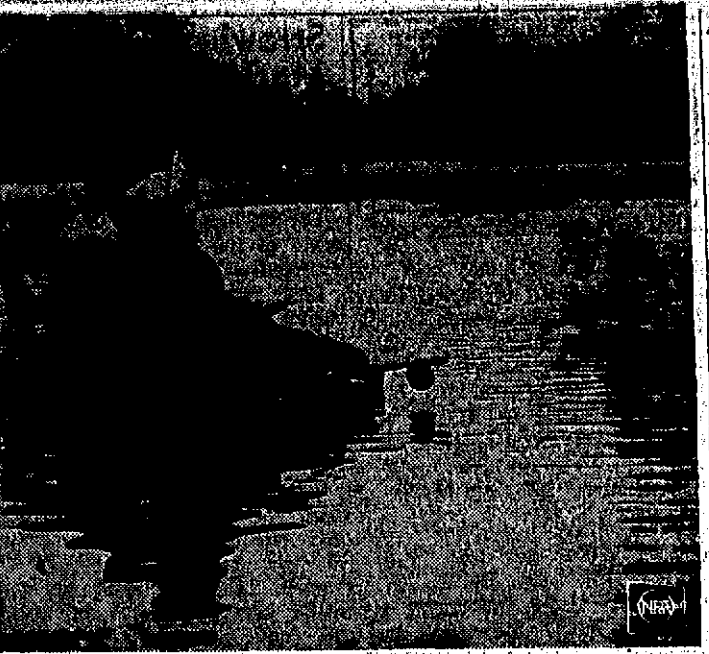

Kennedy said, "I would like to see many more people go—senators, Cabinet members, congressmen, governors, university professors, playwrights, and poets."

In his speech Kennedy made two other suggestions:

1. He said government information agencies should frankly discuss the nation's difficulties in civil rights, law enforcement, and other problems and its attempts to solve them.

2. He said other free countries should be encouraged to set up Peace Corps units like those established by the United States.

Nichols Leaps From 18th to 4th Place

HOUSTON, Tex. (AP)—Bobby Nichols took a flying leap from 18th to fourth place in the PGA money rankings by winning the \$50,000 Houston Golf Classic.

He owes it all to a beautiful 240-yard shot from the rough he made Monday with a four-wood. "It was my best shot of the tournament," said the 26-year-old former Southwest Conference champ from Texas A&M.

It set him up with an eight-foot putt for an eagle on the 19th hole of a scheduled 18-hole playoff to win the Classic's \$9,000 first prize.

Nichols defeated Dan Sikes, a 30-year-old unknown from Jacksonville, Fla., and Jack Nicklaus, the 1961 National Amateur champion. Sikes and Nichols tied at 71 on the 18-hole playoff with Nicklaus five strokes behind.

Then came the 19th-hole — the par 5, 558-yard No. 1 on Memorial Park municipal course that Nichols hadn't even been able to birdie in five rounds.

Nichols got into trouble with his tee shot, but it was long trouble. He drove about 310 yards and to the right of the fairway.

He asked his caddy for the No. 4 wood and belted the ball smack onto the green to put the pressure on Sikes.

Sikes, a law grad from the University of Florida, calmly made a birdie.

Nicklaus and Sikes, officially given a second-place tie, won \$3,800 each, making it the biggest payday of the year for all three.

Nichols, a pro since 1959, increased his winnings for the year to \$17,874.67 in official money. He had not won a tournament until he finished first at St. Petersburg earlier this year. He picked up enough unofficial money Monday from endorsements to make his eagle worth \$14,750.

Strawberries on Market in State

BALD KNOB, Ark. (AP)—Horace Larker is getting a reputation as a grower of early Arkansas strawberries.

Larker has brought in the first crate of the berries for the two consecutive years. Last year he reported a day earlier with a crate from his Cotton Plant farm.

The second crate brought into the market here today came in almost two hours after Larker's. They were grown by S. W. Hall and Sons of McRae.

Both crates were of the Blackmore variety. The first crate will be auctioned Thursday.

Growers report crop prospects good and say picking is expected to be in full swing next week. The peak strawberry season in Arkansas is about the middle of May.

This One Finds a Good Job

NEW YORK (AP)—An unemployed Negro longshoreman, who came here with his wife and eight children on a one-way bus ticket paid for by a New Orleans segregationist group, said today he would accept a \$100 a week job with a New Jersey firm.

The longshoreman, Louis Boyd, made the decision after discussions with representatives of the Travelers Aid Society and the National Urban League.

Edward Lewis, Urban League executive director, said out of the four off-its received Boyd had decided to take a job with Medical Development, Inc., in Jersey City.

Boyd eventually would become a freight loader and then a truck driver, Lewis said.

He reported that Boyd would seek housing in Jersey City for his family.

Educators Set Up Projects

LITTLE ROCK (AP)—Work on four long-range studies of the Commission on Coordination of Higher Educational Finance were begun here today.

About 30 staff members of state supported colleges and the University of Arkansas met with the Commission in a one-day session here.

The projects are:

An inventory of buildings to determine size, age, cost, state of repair, etc.;

A study of building utilization; Need for major improvements and repairs, and

How the building and curriculum programs at the colleges fit each other.

The Commission said the meeting today was a result of suggestions made by presidents of the institutions involved.

Woman Aviator Claims Record

HANNOVER, Germany (AP)—Jacqueline Cochran flew a four-engine jet 5,120 miles from New Orleans to West Germany at an average speed of 489 miles per hour Sunday and claimed 49 new flight records.

The noted American flyer—first woman to break the sound barrier—said her Lockheed Jetstar "Scarlett O'Hara" had reached a top speed of 620 m.p.h. during the three-leg flight.

Miss Cochran, wife of financier Floyd Odlum, took off from New Orleans with three companions at 1:20 a.m. Sunday and landed at Hannover at 3 p.m. EST after refueling stops at Gander, Nfld., and Shannon, Ireland.

The National Aeronautic Association said her claim of 49 records was the largest ever submitted for a single flight.

Miss Cochran previously had set 33 national and international records. Sixteen of these are still unbroken.

Brannan, all of Hope.

After the bride completes her degree requirements at T.W.U. in May, the couple will make their home in Omaha, Neb., where the groom is stationed at Offutt Air Force Base, Strategic Air Command Headquarters.

Charity Begins at Home

By HELEN WORDEN ERSKINE

Dear Helen: I wish you were having coffee with me at the kitchen table this morning. We live on a knoll, high above 20 acres of rolling farmland. Spring, in all its beauty, has come to our country. From where I sit, sipping my coffee and writing you, I can see our cows grazing in meadows blue with violets. Beyond are the willows, already a yellow green, bending gracefully over our lovely little mountain stream, swollen with melting snow water at this season. In the far distance, shrouded by a purple haze, soars blue white Mt. Ranier. All this I see and thank God for his creation.

It would seem, from this peaceful scene, that life is serene. But the heartache I carry is almost beyond cure, and that is why I turn to you. I was left a widow in 1942, with three children. Later, I married a good man who made a home for me and them. He showed no partiality, even when I bore his child. Of the three children by the first marriage, the eldest married first — a fine young man. Her husband calls me "Mother" and means it. My second child, a boy, married the dearest girl two years ago. She

loves us and we her. It is the youngest of this trio, a daughter, who is breaking my heart. She is strikingly beautiful and correspondingly wild, wilful and cruel to all those who should be near and dear to her—with one exception: the worthless boy she married.

From the very beginning, as far back as their high school days (they attended the same school), he treated her shamefully. Against my wishes, she went steady with him and; has taken him back time and again. Because I opposed her going with him she moved to her grandmother's and continued to see the boy until he joined the Service. Shortly after she returned to us sick. Our doctor reported her pregnant.

Now, mind you, we are "nice" people and our family an old and respected one in the community. The minister of the boy's faith arranged for him to come home on furlough and marry my girl. We couldn't bring ourselves to go to the wedding. After a brief honeymoon the groom sent her to my mother's and returned to his tour of duty.

Since my mother wasn't well we took in my poor, misguided child, bought her maternity clothes and

U. S. Prepares to Resume Nuclear Tests

WASHINGTON (AP) — The Minuteman intercontinental ballistic missile and the submarine-launched Polaris rocket are expected to get their first trials with nuclear warheads in the new U.S. test series about to begin in the Pacific.

Informed sources suggested this probability today as "T-day" — the date for triggering the first U.S. atmospheric tests in nearly four years — appeared imminent.

The Minuteman and Polaris rate ahead of all other weapons, since they will form the core of U.S. nuclear striking power in the years ahead.

Both missiles have been tested with dummy warheads, but never mated with their nuclear tips.

Other rocket-type weapons developed since the 1958 test series also are due to be tested with nuclear warheads.

The Polaris, with a range of about 1,380 miles, is carried by eight submarines already in commission. The United States plans to deploy 41 of these submarines by 1967, each mounting 16 advanced Polaris missiles capable of reaching 1,725 miles.

The Minuteman is scheduled to become combat ready in a few months. The first base for these 6,300-mile-range rockets is taking shape in Montana.

Ultimately 800 Minutemen will be deployed in underground bases about the United States, poised to strike back if this country is attacked.

Thousands of men and scores of ships of U.S. Task Force 8 are speeding preparations for the nuclear explosions in the air over the Pacific. The tests are expected to begin this week.

Some officials said the first blast could come within 48 hours.

As the United States was getting set to conduct its first nuclear weapons test in the atmosphere since 1958, officials said they were convinced the Soviet Union was getting ready to fire off another series of its own. Last fall the U.S.S.R. set off about 50 atmospheric tests.

Indications are there will be perhaps three dozen U.S. tests in the next two or three months, all above the earth's surface and some probably hundreds of miles aloft.

Speculation on possible fields of U.S. testing has centered on missiles armed with warheads, the effects of nuclear blasts on radar and communications, the effects a nuclear explosion might have on an enemy nuclear warhead, and research on a "neutron bomb" — a device which theorists say could destroy life without demolishing buildings.

One of the tests, the New York Daily News said today in a copy-right story, will be the world's first live firing of a nuclear-armed, long-range ballistic missile — a Polaris launched under water from a nuclear-powered submarine, the fuse set for an air burst.

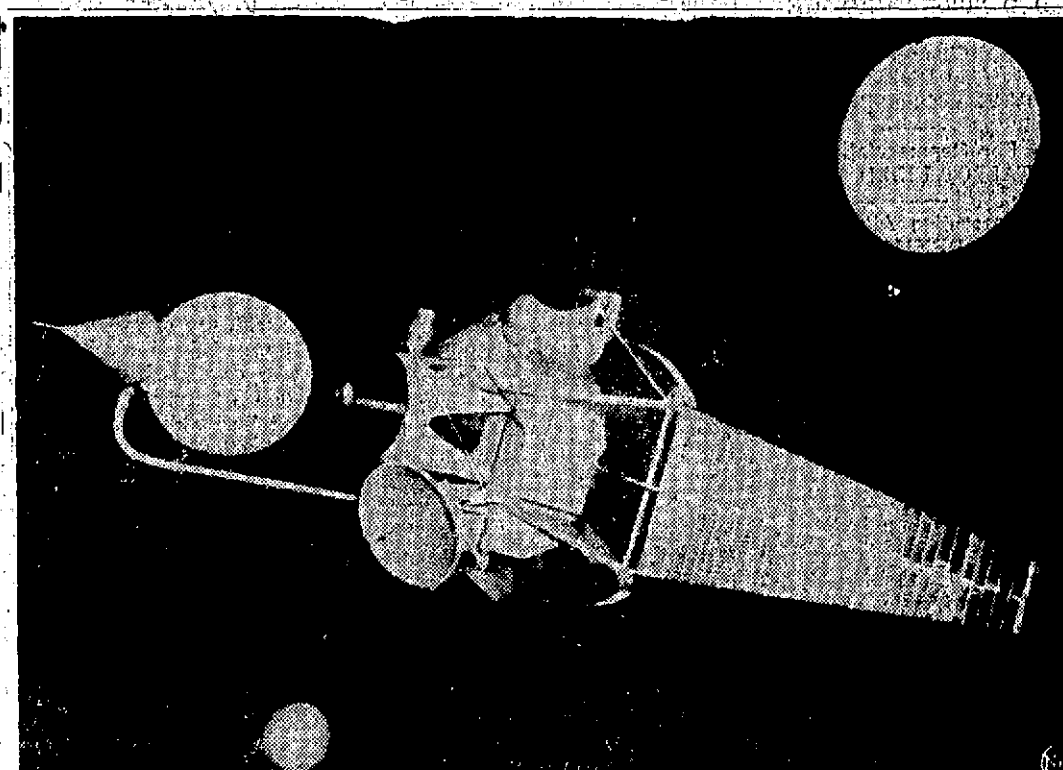

In announcing last March 2 that the United States was ready to test again in the atmosphere, President Kennedy said his decision was based on Soviet technological advances and some substantial gains in weaponry.

American military men, some scientists and many members of Congress have long contended that unless the United States puts to the test its atomic laboratory findings, this country's lead in nuclear weaponry is in danger of being dissipated.

Kennedy said the new U.S. test

ALGIERS (AP) — At least 10 persons were killed and 15 wounded in terrorist attacks in Algeria on Easter Sunday. Most of the terrorism was blamed on the rightist Serbell Army Organization, struggling to keep Algeria French.

Thatcher turned to Michaels. "Now, Mr. Michaels, I think I need not take too much of your time. Perhaps Mr. Cottrill did not explain..."

"Didn't explain a thing," Michaels said, not in anger but as an additional bit of information.

"No," Thatcher said. "Well, it is a little complicated to discuss by phone, but the situation is roughly that I represent the Sloan Guaranty Trust Bank. Of New York," he added, but Michaels merely nodded. "We are acting as trustees for the heirs of Robert Schneider in another matter. Mrs. Schneider has asked us about the possibility..."

"Mrs. Schneider," Jeannie Novak said with loathing. "She's got a nerve asking anybody for anything."

"Jeannie," her father said, in a warning tone of voice. "What do you want to find out, Mr. Thatcher?" Both Stan Michaels and his daughter were taut with... was it fear?

Jeannie Novak had risen to her feet and was staring out the grimy window. Thatcher wished he could see her face. "It's a question of Robert Schneider's holdings of your common stock," he began, but Michaels interrupted him with a slap on the desk. "I knew it was a mistake," he growled in a spurt of anger. He talked to his daughter's back. "I told you and that smart husband of yours that we shouldn't have let the stock out of our hands..."

"How would you have kept Bob otherwise?" the daughter said, turning to face him. "Who was going to get us the Wisconsin Paper and Novelty Contract?"

Michaels looked at his daughter with an unreadable expression on his face; then his features softened and he shrugged.

Thatcher looked at Jeannie Novak with a grave courtesy that hid his growing interest. Her petulance and selfishness were very much what he had been led to expect of the "mystery woman," the woman who deceived her husband and betrayed an obviously loving father — with Robert Schneider. What he had not expected was the vein of shrewdness blended, he would guess, with acquisitiveness.

Aloud he said, "Apparently Robert Schneider died intestate, Mrs. Novak. Without a will," he added in response to an interrogative rumble from Michaels. "At least, Captain Self tells me that the police haven't been able to find one. That means that the courts are going to award his estate to his wife and his children..."

"It isn't fair," Jeannie said between clenched teeth.

"Jeannie," her father shouted in an agony of apprehension.

But she was not to be stopped. "After all we did for him," she spat. "Took him off the line. Gave him his big chance. Then he leaves things so that his kids, lousy kids... After all we did for him."

"Maybe too much, huh Jeannie?" Thatcher and Michaels, who had been staring helplessly at Jeannie,

suffered with her through the whole unhappy experience. After the baby was born, our daughter begged us to send her and it to the base where her husband was stationed. The husband promptly sent her back. She filed for divorce. Now, they are remarried, have two more children and live close by. But, as far as seeing them goes, they might as well be a thousand miles away. I've been told the children cannot visit me, nor I them. Such is gratitude. Where have I failed? — Sad Mother.

Dear Sad: In most families of three, or more children, there is usually an outlaw, or throwback to some unruly ancestor. Such is evidently the case with your beautiful but apparently unfeeling daughter. She may be incapable of expressing deep, inner emotion. Give her the benefit of the doubt. Continue to hold out a helping hand and be thankful for those other children who present no problem!

Dear Helen: You said in a recent column that a girl who is 18 should be a freshman in college. It so happens that I was 18 in March and am a senior in high. I have been awarded two scholarship medals: the D.A.R. citizenship award for my school; and the Betty Crocker Homemaker of Tomorrow award for my school. This year I have made all A's on my card and hope to be valedictorian at our graduation. There are three other girls who will be 18 when they graduate and also most of the boys. While I agree with most of your advice I don't go along with you about this 18-year-old freshman business. It just doesn't parse. — Doris Wall, Jacksonville, Ind.

Dear D.W.: I checked with Barnard College. Eighteen is the average age for freshmen. But, if you graduate this spring, you will still be 18 when you enter college and so, I presume, will most of your classmates. What a splendid record you've achieved in high!

Dear Helen: I'm a 14-year-old who disagrees thoroughly with your high-handed ruling about girls my age being too young to date. Of course, we're too young to go out in a car alone with a boy but what harm is there in seeing a downtown movie together or attending a properly chaperoned school dance?

If parents trusted their kids more they would have to worry less about them getting into trouble. Give some of us, at least, credit for the ability to distinguish right from wrong and being able to control our emotions. We're not all lawless young savages who don't know enough to come in out of the rain. — Disgusted Teen

Dear Disgusted: Teen-agers are like the little girl with the curl in the middle of her forehead, when they are good they are very very good and when they're bad, they're horrid. But—good or bad, I care what happens to them. That's why I still maintain 14-year-old girls are too young to date!

Jo Jo Really Had a Fine Ball

CLEVELAND, Ohio (AP) — Jo Jo really had himself a ball. But it's going to take two weeks to clean up.

Jo Jo is a 1-year-old Capuchin monkey. He flipped his lid for 30 minutes Sunday inside a pet shop.

After springing the latch on his cage in the darkened shop, Jo Jo ate 200 lizards and dined on a few parakeets. Then he threw bird seed, crockery, planters, pet food and supplies from the counters into the aisles.

Sue Garrison, an employee, said, "It'll take two weeks to clean up this mess. He must have been afraid to be alone."

Sadist Beats Woman at Fayetteville

FAYETTEVILLE, Ark. (AP) — A sadist who beats, but does not otherwise molest, women has struck a feat into this northwest Arkansas college city.

Police patrols were doubled after five women were savagely beaten, four of them while they slept and the fifth, a 74-year-old woman, while she walked to work early last Thursday morning.

Police Chief Hollis Spencer said his force is doing its best to catch the assailant before he commits murder.

Spencer said residents of Fayetteville, a community of about 21,000 and home of the University of Arkansas, are jumpy. "Sometimes we get up to 100 calls a day from people who think they saw something," he said.

Doors and windows are locked at sundown.

Spencer, a veteran of nine years at law enforcement, says he has evidence the attacker is connected with the university, either as a student or in some other capacity, but he will not elaborate.

He calls this his most puzzling case.

Robbery and rape have been ruled out as motives, Spencer said.

"This person just likes to beat his victims. We think he is a mental case," he added.

All of the victims, Spencer says, have something in common. But he will not give details of his investigation.

All but one of the beatings have occurred in an area from one to three blocks north of the main university campus. None of the women was critically hurt. Spencer said the assailant may use a blackjack, because some of his blows have left gashes on the women's faces.

Spencer said he has one good lead in the case.

"The motive seems to point to one particular department of the university," he said. "This sadist has developed a hatred toward particular people he has come into contact with."

Ministers to Meet

TOPEKA, Kan. (AP) — Methodist ministers from eight states will meet here next week for a four-day workshop designed to help them give more effective aid to persons with marital problems. Ministers attending the workshop will be selected by their bishops. They will come from Kansas, Arkansas, Nebraska, Missouri, Oklahoma, Texas, Louisiana and New Mexico.

Khrushchev Re-elected in Russia

MOSCOW (AP) - The newly elected Supreme Soviet met today to reelect Premier Khrushchev and perhaps to hear him deliver a major policy speech. Tass, the Soviet News agency, reported "stormy and prolonged" applause for government and Communist party leaders as they entered for the opening session.

Jan Pieve, president of the Academy of Sciences in Latvia, was elected chairman of the Soviet of Nationalities - the house which is chosen by regions - and Iran Spiridonov, a secretary of the Communist party's central committee, was chosen president of the Soviet of the Union - the chamber chosen on the basis of population.

There was no indication when Khrushchev might speak during the two or three day session. The year-old Soviet leader, who said last week he is working harder than ever, could be expected to review domestic and world issues.

40 Million Reds Throughout World

WASHINGTON (AP) - A government intelligence report says there are approximately 40 million Communist party members in the world with 36 million located in nations belonging to the Sino-Soviet bloc.

The largest single party membership is in Red China, with an estimated 17 million. More than 9 million are in the Soviet Communist party.

The report, prepared by a government agency for Congress said the biggest Communist parties outside the Sino-Soviet bloc were in Indonesia, with an estimated 1.75 million members, and Italy, with 1.2 million to 1.5 million. Figures for the U.S. Communist party were not given. The Federal Bureau of Investigation has estimated the U.S. party's membership at 10,000.

Cuba's party membership was estimated at 27,000 but the report said the number of persons in Cuba now calling themselves Communists may exceed 100,000.

Both Carrera and Poggi resigned and Guido named a relative unknown, Gen. Juan Bautista Loza, army secretary. Loza then named himself commander in chief, and Rauch in turn resigned his command.

Rauch supported Guido's stand that nullification of the election results by decree would be unconstitutional and that the Peronist wins could only be canceled by Congress.

Many members of Congress are opposed to canceling out the election results, which gave the Peronists nine provincial governorships and 43 seats in the lower house.

Kefauver Wants Steel Price Slashed

WASHINGTON (AP) - Sen. Estes Kefauver, D-Tenn., says he never would sponsor a bill to roll back steel prices.

Instead, the chairman of the Senate Antitrust subcommittee said, the best remedies for the steel price-wage problem are public opinion and improved antitrust laws.

The subcommittee has launched an investigation of the steel industry.

Kefauver gave his views on a television program, NBC, "Meet the Press" Sunday.

Kefauver said that even if his subcommittee finds steel prices are too high in relation to costs and profits he would not sponsor a bill to cut prices.

Asked if he had found a remedy for the situation, he replied: "Not really. The force of public opinion is one approach. The other way of trying to deal with the matter is to improve our antitrust laws."

He said that a proposal requiring steel companies to wait 60 days before putting a proposed price increase into effect is worthy of consideration. But he indicated he thought the proposed 60-day cooling off period, similar to that required now by the Taft-Hartley law in certain strike threats, might also be applied to proposed wage increases.

He repeated his claim that steel is an administered price industry in which we badly need competition. He said prices are set by the leader of the industry.

When U.S. Steel announced a \$6-a-ton price increase on April 10, President Kennedy voiced his opposition on grounds it was not in the national interest. Seven other companies joined U.S. Steel in announcing the raises. But on April 13, faced with Kennedy's opposition and the fact that several other steel companies did not raise their prices, the eight companies returned to their previous price levels.

Peronists Votes to Be Ruled Void

By ROMAN JIMENEZ

BUENOS AIRES (AP) - Unofficial sources said today President Jose Maria Guido will declare "null and void" all elections since Dec. 17, 1961 - thus eliminating posts won by Peronists on March 18.

Naval forces announced Sunday they were demanding such action by the president, thus ending his brief one-day respite from political crisis.

The report from unofficial sources came after lengthy post-midnight sessions at the presidential residence attended by military leaders, including the navy secretary, Rear Adm. Gaston Clement.

He announced Sunday the navy had reached a "firm decision to insist by all means at its reach" that Guido honor a pledge to wipe out the March 18 elections. These precipitated the current crisis and resulted in the overthrow of the regime of President Arturo Frondizi.

Some sources expressed belief the crisis was easing in the wake of the early morning meetings at the palace.

In a bulletin to all naval commands, Clement said that to assure the "survival of democracy and liberty" in Argentina, it was imperative to outlaw communism "and all other totalitarian systems."

The navy, which led the revolt that toppled Peron in 1955, acted quickly after Guido on Saturday arranged a truce between opposing army factions that had appeared on the verge of a shooting war.

Clement said his stand was fully supported by the armed forces "despite reiterated interferences opposed to its being carried out."

Guido had appeared the winner in a struggle with the military when the top army brass was forced out Saturday. Gen. Enrique Rauch, a tank commander, threatened to storm the capital and demanded the ousters of Army Secretary Marino Bartolome Carrera and Gen. Raul Poggi, the army commander in chief, who had tried to pressure Guido into nullifying the Peronist election victories by decree.

Both Carrera and Poggi resigned and Guido named a relative unknown, Gen. Juan Bautista Loza, army secretary. Loza then named himself commander in chief, and Rauch in turn resigned his command.

Rauch supported Guido's stand that nullification of the election results by decree would be unconstitutional and that the Peronist wins could only be canceled by Congress.

Many members of Congress are opposed to canceling out the election results, which gave the Peronists nine provincial governorships and 43 seats in the lower house.

Evidence by Tape Allowed by Court

WASHINGTON (AP) - The Supreme Court refused today to interfere with use of evidence obtained by a federal alcohol tax agent who connected a tape recorder to his telephone ear piece when he talked with a prospective seller of bootleg whisky.

The resulting tape record was admitted in evidence in U.S. District Court in Atlanta, Ga., over protests by defense attorneys. They cited a section of the Federal Communications Act providing that "no person not being authorized by the sender shall intercept any communication and divulge or publish the existence or contents" of the communication.

Upholding use of the ear piece device and admission of the recorded conversation, the U.S. Circuit Court in New Orleans stated: "Taking a sensible view of it, the only difference between a person testifying to a conversation in which he participated or overheard and a recording of the conversation is that the recording has the advantage of furnishing trustworthy evidence."

The Circuit Court also referred to a 1957 Supreme Court opinion in another case.

The high tribunal then stated: "The clear inference is that one entitled to receive the communication may use it for his own benefit or have another use it for him. One party may not force the other to secrecy merely by using a telephone."

The appeal acted on today was filed by Ralph B. Carnes and Roger W. Smallwood, who were convicted in the Atlanta court. Carnes was sentenced to four years on a conspiracy count. Smallwood got three years on charges of conspiracy and possession of whisky and a still.

The appeal was rejected by the Supreme Court in a brief order which made no comment. Justice Douglas noted that he favored hearing the case.

Cambodia Is Accused of Killing 48

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP) - South Viet Nam today accused Cambodia of sending troops on a raid across its frontier and killing 48 villagers, including 29 women and children.

The semi-official Vietnamese News Agency said 200 Cambodian soldiers from a border outpost raided the village of Vinh Lac, 120 miles west of Saigon, last Friday.

It said the raiders also wounded about 20 Vietnamese and abducted two women.

Surviving villagers staged a protest rally Sunday, the agency said, and provincial authorities sent relief supplies to the stricken community.

An informed source said earlier that South Viet Nam had created a demilitarized zone along its border with Cambodia to prevent infiltration by Communist Viet Cong rebels.

Neutralist Cambodia maintains diplomatic relations with anti-Communist South Viet Nam, but the two governments have long been at odds and frequently have charged each other with border violations.

Two Candidates File for Office

LITTLE ROCK (AP) - Two prosecuting attorneys filed today as candidates for re-election.

Lymon L. Mikel of Fort Smith filed for a third two-year term in the 12th District, which includes Scott and Sebastian Counties.

Mikel defeated the fifth term bid of prosecutor James Gutensohn in 1958. He was unopposed in 1960.

Prosecutor A. S. Harrison of Blytheville filed for a second term in the 2nd Judicial Circuit. Harrison defeated four opponents in his first race in 1960.

The 2nd District includes Greene, Craighead, Poinsett, Cross, Mississippi, Crittenden and Clay Counties.

Bus Hits Tree Woman Injured

LITTLE ROCK (AP) - Mrs. Jessie Griffin of West Frankfort, Ill. was slightly injured here early today when a Mid-West Trailways bus she was riding struck a tree.

Mrs. Griffin was admitted to a Little Rock hospital with a minor leg injury. Officials said her condition was satisfactory.

A. C. Henson, driver of the Hot Springs bound bus, said the rear wheels of the bus went into a skid on a curve in the northwest part of the city and slid over the curb into a tree.

The other 15 passengers of the bus apparently were uninjured, officials said.

30,000 Cheer Pope

VATICAN CITY (AP) - Thirty thousand persons massed in St. Peter's Square today and cheered Pope John XXIII as he appeared at noon in his studio window to give them his blessing.

Today is celebrated in Italy as Pasquetta - Little Easter. It is a holiday.

Jap Seamen Strike

TOKYO (AP) - Japanese seamen struck today for a shorter work day, tying up 325 ships in 52 ports. The Japan Seamen's Union said 59,000 of its 120,000 members would stay out one week.

40 Million Reds Throughout World

WASHINGTON (AP) - A government intelligence report says there are approximately 40 million Communist party members in the world with 36 million located in nations belonging to the Sino-Soviet bloc.

The largest single party membership is in Red China, with an estimated 17 million. More than 9 million are in the Soviet Communist party.

The report, prepared by a government agency for Congress said the biggest Communist parties outside the Sino-Soviet bloc were in Indonesia, with an estimated 1.75 million members, and Italy, with 1.2 million to 1.5 million. Figures for the U.S. Communist party were not given. The Federal Bureau of Investigation has estimated the U.S. party's membership at 10,000.

Cuba's party membership was estimated at 27,000 but the report said the number of persons in Cuba now calling themselves Communists may exceed 100,000.

Both Carrera and Poggi resigned and Guido named a relative unknown, Gen. Juan Bautista Loza, army secretary. Loza then named himself commander in chief, and Rauch in turn resigned his command.

Rauch supported Guido's stand that nullification of the election results by decree would be unconstitutional and that the Peronist wins could only be canceled by Congress.

TOTAL NET PAID **3,520**

Paragraph 13: Distribution in towns receiving 25 or more copies in detail by counties, as well as the total only for towns receiving less than 25 copies daily.

Evening December 12, 1961

The listing below gives gross distribution for one day only and is greater or less than the net paid average for the period covered by this report by the following percentages:

City Zone	0.24% greater
Retail Trading Zone	1.09% greater
All Other	4.32% greater
GRAND TOTAL	0.71% greater

The "adjusted figures" of county totals appearing below have been arrived at by decreasing (or increasing) the listed county total figures by the appropriate percentages as above set forth. These adjusted county totals will, therefore, approximate the net paid average for the period covered by this report.

"Balance in County" is comprised of the distribution in towns receiving less than 25 copies which is not identified with the towns, townships or minor civil divisions listed.

AUDIT BUREAU OF CIRCULATIONS

End of Audit Report.

WHAT IS ABC?

The Audit Bureau of Circulations, Chicago, by its own definition is: "A co-operative association of advertisers, advertising agencies and publishers for the verification of circulation of newspaper and periodical members in the United States and Canada."

It is controlled by those who buy advertising (manufacturing, merchandising and service companies, and their agencies) rather than those who sell advertising (newspapers and magazines).

COST OF ADVERTISING

Pick up an invoice for newspaper advertising and you will find that you are billed for so many column-inches at so much per inch. That's how it is billed — **but that isn't how it is sold.**

The price of an inch of advertising is meaningless unless you know what the paper's circulation is. When you know that you know the cost.

The cost of advertising is the cost per inch per thousand circulation. That's the great yardstick by which advertising is bought and sold from coast to coast. The national advertisers call it "the milline" — the cost per line (1/14th of an inch) per million circulation.

Now you know why ABC audits are important. They verify circulation — the factor which is combined with the publisher's charge per inch to establish the advertising cost yardstick.

IT'S CHEAP TODAY

Hope Star's local advertising costs about the same today as in 1929. The rate-per-inch is higher, it is true — but circulation also has increased. Here is the comparison:

	1929	1962
Local "open" rate per inch per thousand	20c	28.4c

And that's a performance we feel deserves a page advertisement all its own.
